REPORT ON Virtual Tour (DREAM DEZINE) (25th September 2021)

OBJECTIVE

1. To enhance the practical knowledge of students about the industry.
2. To be familiar with the manufacturing process of the company.
3. To explore real experiences of the industry.

BBA 1st shift of Ideal institute of management and technology, conducted a Virtual Industry tour to DREAM DEZINE on 25th September 2021 through Online Platform Cisco Webex for second and third year students of both the shifts. Keynote Speaker of the day was Mr. Vibhanshu Dubey (Executive for Patents and Industrial Designs). Virtual tour was organized by Ms Shilpa and Ms. Ayushi Gupta along with faculty members and a total of 62 students of BBA 1st shift and 59 students of 2nd shift were present for the session.

This tour showcased the whole manufacturing process in a very understandable manner. This session would help students in gaining the insight about the product designing, also add on their skill sets once they will join any organizations after the completion of their studies.

OUTCOME

A student passing this module would be able to:

1. Understand the basics of product designing and re-engineering.
2. Analyze different types of manufacturing process.

Virtual Tour In charges:

(AGGARWAL PACKAGING PVT LTD)
(14th October 2021)

BBA 1st shift of Ideal institute of management and technology, conducted a Virtual Industry tour to Aggarwal Packaging Pvt Ltd on 14th October 2021 through Online Platform Cisco Webex for second and third year students of both the shifts. Keynote Speaker of the day was Mr. Deepak Aggarwal (Owner).

OBJECTIVE

1. To enhance the practical knowledge of students about the industry.
2. To be familiar with the manufacturing process of the company.
3. To explore real experiences of the industry.

Learning outcome of the Visit

- The activity was organized online through Virtual Cisco Webex platform
- The visit served as a platform where students participated and learned about the manufacturing process of box making.
- This tour showcased the whole manufacturing process in a very understandable manner. This session would help students in gaining the insight about the box designing, also add on their skill sets once they will join such organizations after the completion of their studies or they may set up their own Industry.
- A total of 110 students of BBA/BBA CAM 1st shift and 24 students of BBA/ BBA CAM 2nd Shift participated in the Industrial Visit.
- The activity was organized by Dr. Anshika Rajvanshi & Ms. Himanshi Swami.

INDUSTRIAL VISIT TO LAKHANI INFINITY PVT. LTD.
BBA (2nd Shift)
Date: 24TH MARCH' 2022

Faculties Accompanied:

Ms. Nikita Jain (Industrial Visit- Head)
Ms. Amarjit Kaur (Industrial Visit- Head)
Mr. Gagandeep Singh (Industrial Visit- Member)

We visited the Lakhani Infinity Pvt. Ltd. one of the leading shoes maker company in India. In that factory, there we learnt manufacturing of slippers- known as HAWAI Chappal and management of a factory in that industry visit. Let us explain the manufacturing process- first they make compound by mixing diff. Chemicals and then they compress it into different sheets, they keep the temperature of that machinery at 100°C and after that they wash those sheets to go further in this process, like cutting/ separating the base and straps at same level, at last they print over the slippers to make them finishing goods by joining those straps and further washing them in cold water.

The best part of this industry was that they actually encourage women empowerment as we observed 50 percent of their employees are women. And every employee was very concentrated towards their work. Overall it was observed that there was quiet a friendly environment of management. The superior's and the employees were having a good working relationship as they both were showing gratitude towards each other.

At last, the visit ended with enriching and valuable experience which helped the students in getting useful information related to the practical aspects of the course and the management concepts which cannot be visualized in lectures i.e. Planning, Organizing, Staffing and Controlling and the various stages of production process.

REPORT OF INDUSTRIAL VISIT

BBA/ BBA CAM (1st SHIFT)

March - 2022

Under the aegis of IQAC

Industrial visit has its own place of importance in a career of a student who is pursuing a professional degree course like BBA. In fact, it constitutes a part of core course curriculum taught at the college. The objective of an industrial visit is to provide the students an insight regarding the internal working of companies. Today, we all perfectly understand that theoretical knowledge is just not enough for a successful professional career. It is here that by going beyond academics, industrial visit provides students a much relevant practical perspective of the actual work place and the larger world of business. All this makes the importance of Industrial visits all too evident, especially for students pursuing a professional management course like BBA.

Since 1990, Dawar Footwear Industries are dedicated to sustainability and ethical production. All of their shoes are created entirely by hand with sustainable materials. Dawar Group respects the principle that makes its production cycle as circular as possible and the shoes produced by them tightens feet around the world, from London to Milan to New York.

With the intent to make the students learn about practical learning of an Industry, BBA 1st Shift organized an Industrial Visit for 46 students (2nd and 3rd Year) on 30th March, 2022 to Dawar Footwear Industries, Sikandra, Agra – 282007. Ms. Jasmandeep Kaur & Ms. Rakhi organized the Industrial Visit and with them Dr. Vineeta Sharma (Principal), Dr. Mahesh Sharma (Vice Principal),

Dr. Satpal Arora also visited the Industry. Students learnt all about the process of making of shoes, from the raw material to shaping them, from shaping to making soles, from making soles to put them to the finishing readying to wear. After the visit, Mr. Rajeev Mishra, HR & Personnel Head of the Industry briefed about the functioning of the organization. He threw light on all the operations of the industry with every fine detail. Also, the students asked a number of questions from him & he answered each and every question patiently. After the Industrial Visit, all the Faculty Members & students visited to Taj Mahal.

REPORT

Under the aegis of Internal Quality Assurance Cell (IQAC)

INDUSTRIAL VISIT TO GAURANG PRODUCT PVT. LTD.

BBA(2nd Shift)

Date : 12th May 2022

Faculties Accompanied:

- Ms Nikita Jain (Industrial Visit Head)
- Ms Amarjit Kaur Sahni (Industrial Visit Head)
- Dr Anshika Rajvanshi
- Mr Gagandeep Singh
- Ms Gagneet K. Bhatia
- Mr Atul Gupta (Admin Head)

BBA The second shift scheduled an industrial visit to Gaurang Product PVT. LTD., a well-known steel company. This company was founded in 1980 and has established itself as one of India's leading suppliers of black and galvanised ERW steel tubes and sheets. It is one of the biggest sellers of the listed products and is located in Ghaziabad, Uttar Pradesh. In total, 40 first-year students were transported by bus to the visit, where they were given light refreshments. At 10:50 a.m., the group arrived at the company's headquarters. There, they were greeted by a corporate official and were seated in a conference room where they were briefed on the visit, including all pertinent information and safety procedures.

Students were then separated into groups of ten, each with one faculty leader, and taken to the company, where they were shown the entire process of preparing galvanised steel sheets from start to finish. Each group of pupils was assigned a corporate representative who was enthusiastic about teaching the preparation and cleaning procedures.

They also discussed the company's annual revenue, which ranges from 100 to 150 crores. They were also shown around the company's two new operations, which included steel tubes and a completely automated factory (under construction). The tour ended at 12:50 PM, with the industrial visit team presenting a memento to Mr Nitin Aggarwal (Company,

Head). Lunch was provided as a courtesy to all faculty members and students. For all first-year students and faculty members, the tour was informative, interesting, and educational.

VOCATIONAL EDUCATION AND TRAINING PROGRAMME

(INDUSTRIAL VISIT)

On

“ANUPAM PRODUCTS”

Objective:

- To make students aware of manufacturing process of Cans and Tins.
- To bridge the gap between classrooms theoretical concepts and practical learning experience.
- To provide practical exposure of management and administrative skills required in manufacturing process.

Learning Outcomes of the Activity:

- On 13th May 2022, the Personality Development and communication skill development session was organized for first year students of BBA / BBA CAM 1st Shift at Anupam Products Ltd , Sahibabad under the supervision of Mr.Sanjeev Mohan, Plant Head.
- 40 students from first year along with faculty members, Dr.Scema Gupta,Dr.satpal Arora and Ms.Harsh kalra went for Industrial Visit . The company is the in manufacturing of Metal Containers and provide quality-packaging solutions throughout India and abroad. Being one of the most reputed manufacturers in India, the company manufactures a wide range of containers to meet the requirements of the Dairy, Paints, and Pesticides, Edible Oils, Baby Food, Lubricant and Confectionery industries.
- The Industrial visit was conducted beginning with Casting department, Machine shop ,Pasting , followed by Packaging
- The major clients of the company are Berger paints, Asian paints, Fevicol.
- The HR and the technical staff were very polite and supportive. The hospitality was very satisfactory. Description and Q & A during the visit were also explained very nicely and patiently. The visit was very informative and gives a rich practical exposure to the students.
